

Green Valley Homeowners Recreation Association
Emergency Rules – Swimming Pools
Revision Date: May 19, 2020

To preserve the health of our members and prevent the spread of COVID-19, the following Emergency Rules have been adopted by the Board of Directors for a length of time yet to be determined. As the situation evolves, the Green Valley HRA Board of Directors will remain flexible and adaptive to further guidance provided by the City of Fountain Valley, the County of Orange, and the State of California.

At this time, the Board has determined to phase the reopening of certain common area facilities on a trial basis. In the event it appears that the rules are not being followed or social distancing is not being maintained, the Board will consider reclosing the facilities and advanced notice of the decision may not be possible. As an initial step, the North Pool will be reopened for lap swimming and the South Pool will be opened for use for recreational enjoyment by individual households, subject to the rules below. Do not enter the pool area without a reservation.

CORONAVIRUS COMMON AREA USE ADVISORY

Risk of Use: The Coronavirus (COVID-19) pandemic is a worldwide risk to human health. COVID-19 is highly contagious and has a mortality rate many times greater than the flu. COVID-19 can spread easily and exponentially. While people of all ages are at risk of catching COVID-19, persons especially at risk are those with compromised immune systems and the elderly. Persons over 65 years of age may be at particular risk.

Stay at Home Order: In order to reduce the spread of COVID-19, the State of California, as well as many California cities and counties have issued “Safer at Home” orders, with exceptions for essential activities.

Acceptance of Risk: By entering the common area, the member agrees as follows:

- a. Use of the common area amenities could expose you or others to COVID-19.
- b. The Association has made efforts to sanitize these areas periodically but cannot guarantee that airspace or surfaces will be virus-free.
- c. When using the common area amenities, members should take all reasonable and necessary precautions to protect yourself and others from the spread of COVID-19. Further, it is your responsibility to exercise care to protect yourself, such as assessing your own risks, which may include age, underlying health conditions, possible exposure to COVID-19, doctor’s recommendations, or local, state and federal recommendations.

General Rules Regarding Pool Facility

1. You, or anyone in your household, may not use the common area facilities if (i) you or anyone in your household have knowingly, within the last twenty (20) days, been in contact with someone afflicted with COVID-19, (ii) you, or anyone in your household, are experiencing a fever, signs of respiratory illness such as cough, runny nose, chills, abdominal pain, diarrhea, sore throat, shortness of breath or difficulty breathing, or other COVID-19 symptoms, or (iii) you believe that you, or anyone in your household, are likely

to transmit or contract COVID-19 or any other communicable disease.

2. Wash your hands with soap and warm water or use hand sanitizer, before entering and after leaving the pool. You are encouraged to bring hand sanitizer with you.
3. You must wear a face mask, except when in the water. Remember not to touch your eyes, nose or mouth.
4. The entry gates (including latches) are not sanitized. You are encouraged to use a tissue, napkin, or similar disposable product to open and close the entrances if an attendant is not present to open the gate for you. You are encouraged to bring wipes to sanitize these areas as you use them. Take all trash with you when you leave as there will not be receptacles on the pool deck.
5. You must practice social distancing, particularly with Association staff and other members using the facility, by keeping at least six feet (6') between yourself and others, who are not members of your household. Do not attempt to enter or exit the pool area while others are entering or exiting. Do not gather in groups, and do not touch surfaces or items in the common areas when it can be avoided.
6. NO LIFEGUARDS ON DUTY. Adult guardians must watch their family while in the water. Adult guardians must stay within 5' of small children. If the adult guardian is a non-swimmer, the family must register to swim in the shallow section of the pool.
7. Only residents may use the facilities. Guests and non-residents will not be admitted for recreational swim.
8. Do not bring valuables or more than you need for your reserved time. The Association is not responsible for stolen or lost items.
9. Restrooms, showers, pool furniture, trash receptacles and drinking fountains are not available, so plan accordingly. Do not touch other people's property.
10. For lap swimming, a household will be assigned one (1) lane. One (1) adult guardian or caretaker may accompany minors or those in need of physical assistance and remain on the pool deck adjacent to the lane assigned (or may enter the water). The guardian or caretaker must bring his or her own chair. Others are not permitted to remain on the pool deck in the North Pool. Your personal belongings should be left on the pool deck adjacent to your assigned lane.
11. For recreational swimming, individual households will be assigned a section of the pool. The sections have been separated with lane markers. Avoid touching the lane markers. Avoid going within several feet of the lane markers to maintain social distancing from the household members assigned to the adjacent section of the pool. Anyone under the age of 18 must have an adult present when swimming. Any groups signing up to use the deeper section of the pool must be competent swimmers. No lifeguard on duty.
12. No sunbathing on the deck. Pool area open for swimming only.
13. A waiver must be signed before entering the pool.
