North Pool Heater Replaced

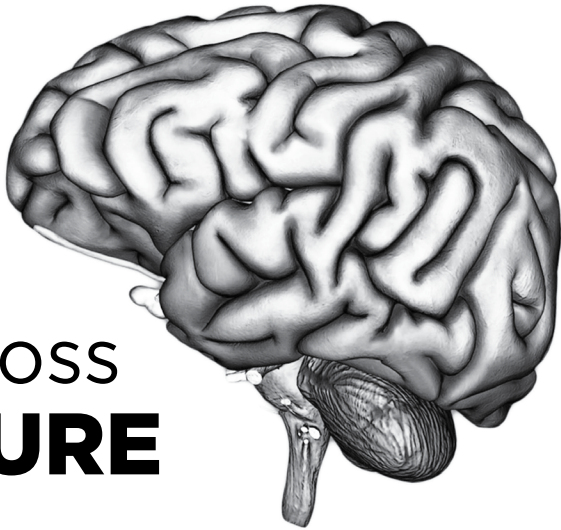

There are three commercial heaters banked together to heat the large pool. One of the heaters was replaced a few years ago. The other two were still in fair shape and so they were serviced and we hoped they would make it through the winter months.

One of the heaters finally gave out as it is leaking from the heat exchanger and needs to be replaced. The third heater will be replaced when it is no longer working.

Fountain Valley inventory is rising, which is good news! Historically FV has a lower number of homes for sale than neighboring cities. **Why? Fountain Valley is a GREAT place to live! Why are homeowners staying put?** Their low mortgages. 84% of California homeowners have a fixed mortgage rate of 5% or lower. High mortgage rates prevent many would-be sellers from selling their home and keep buyers out of the market.

Safety Around the North Pool

As over 200 swimmers embark at the pool in the afternoons at the start of Swim Team season, we ask that you please be extra cautious when driving near this area. A sign is posted and cones are placed to remind you that children are in the area and that the speed limit is 25 MPH

Also, please be mindful that if you use the driveway at the North Pool that your car is pulled in far enough as to not encroach on the sidewalk. Many homeowners walk along Los Jardines and if your car is parked across the sidewalk, then pedestrians have to walk out in the street to get around you, which is not safe. Thank you for taking a moment to make sure your car is pulled in far enough so that the sidewalk is a clear and safe path to travel.

Bushes & Trees May Not Encroach the Sidewalks

The Association office has received calls regarding bushes & trees that line the sidewalks and encroach onto the walking path, making it difficult to travel safely without having to walk into the street. The streets and sidewalks belong to the City of Fountain Valley. Below is the City Civil Code regarding the hazard. Please contact Code Enforcement at 714-593-4444 and give them the address to the property in question. This is a good time to check the sidewalks that border your property and make sure that you are in compliance of the rules. It’s also a good time to spray for grass and weeds growing in the sidewalk and gutter surrounding your property.

12.04.100 Preventing Encroachment or Hazard

No person owning or controlling property abutting upon any public street or public place in the city, upon which are located hedges, trees, shrubs or plants, shall permit the plantings to encroach upon the sidewalk, curb or street or the branches thereof to overhang the sidewalk, curb or street in such a manner as to impede or interfere with vehicular or pedestrian traffic, drainage flow, or maintenance thereof, or to create a hazardous condition, and he shall keep the plantings trimmed as the public convenience shall require.

If any such hedge, tree, shrub or plant is hazardous to the traveling public or impedes the progress or the vision of the public on any such street or public place, or the maintenance thereof, the city may order the same or such part or parts thereof as are hazardous or impair or impede normal use, to be trimmed or removed so as to remedy such condition. If such tree, hedge, shrub or plant standing on any private property is cut down or removed or trimmed to remove the condition within ten days after notice in writing of the order is given by the city to the owner, occupant or agent of the property upon which such described condition exists, the same shall be deemed a public nuisance and may be abated as such. (Ord. 903 § 1, 1980; Ord. 358 § 10, 1965)
