Another Green Valley Homeowner is Grateful for Lily Campbell!

“After my husband passed away, I knew it was time to move on to the next chapter of my life. I chose Lily because of her incredible track record and the trust I felt in her. From the start, Lily and her team—especially Sarah—were by my side. They worked tirelessly, stayed organized, and guided me through every step. They didn't just sell my house; they supported me and understood my situation. Lily was truly “johnny-on-the-spot,” and was always there when I needed her. **Thanks to her hard work, my home sold in one week for well over asking price.** Even more importantly, they helped me find a new home where I could begin again. I am deeply grateful to Lily and her team for making this transition easier.”

Fountain Valley inventory is rising, which is good news! Historically FV has a lower number of homes for sale than neighboring cities. **Why? Fountain Valley is a GREAT place to live! Why are homeowners staying put?** Their low mortgages. 84% of California homeowners have a fixed mortgage rate of 5% or lower. High mortgage rates prevent many would-be sellers from selling their home and keep buyers out of the market.

Board of Directors
Approved
Clubhouse Room
Laminate Flooring
Replacement

The tile flooring in the Adult Clubhouse, Family Clubhouse and Community Room was approved at the October Board meeting for replacement.

The clubhouse flooring is currently peel & stick square linoleum tiles and the Community Room is old laminate sheeting.

All three rooms will have the same waterproof laminate planks installed in November. This will update the look of the two well-used clubhouses along with making clean-up easier during private party rentals.

These big projects (Adult Pool Replaster, Adult Clubhouse Deck, Clubhouse Flooring, South Pool Filters, etc) are all part of the Capital Reserve Components that the association saves money for each month in a separate account allocated for such projects, separate from the general funds account that pays the monthly bills and general repairs.

Adult Clubhouse Deck
Replaced

The old decking material (top photo - Nexwood material) was installed in 2003. It was a lightweight, hallow, composite material. Over time, it became brittle and cracked under the weight of a table leg.

The newly installed TimberTech composite material is solid, has a 30 year warranty, and updates the look of the clubhouse!
